### Message From the Editor

I just went through a bout with my batteries.. It definitely pays to get them stored properly. You need to keep Nicads on a trickle charge and cycle both Nicad's and Nimh's once a month. I lost 2 great Nicad pac's due to my negligence this winter. As I am writing this, I am rather anxious. I really want to get this letter edited and put together so I can go Flying. It's a beautiful Saturday morning and I'm all ready to go.

See you at the field...
