President's Message -

We are now into the peak of the flying season and all of the events are at full steam. Chuck Elkins has been hard at work trying to prepare for the Annual "TORKS War-Bird". Chuck is anticipating a big crowd this year and he could use a lot of help with the event.

Next we have the "Heart Of Ohio Jet Scramble". Even though this event isn't until the end of August, it is very demanding to coordinate an event of this magnitude. The Jet Scramble Committee has been meeting for months now, and it is time for all of the members to get involved now.

One of the most important things a member like yourself can do is to have someone join as a sponsor. Sponsorship packets were sent out recently by the committee to try and assist you on this. Sponsors can be friends, co-workers, or just a local business that you frequently go to. Sponsors are what make the event happen.

The other area of need is in helping work in the Jet Scramble. Team Leaders has been putting together a list of all of the members

and where they have signed up to work. Each year we are always lacking in help for parking and security. So please let us know where you would like to work at and when for the Jet Scramble.

This year is going to be quite extravagant. We have a new sponsor that has offered to pay the fees that will be occurred for our "Full Scale F-100 Fly-by" again this year. Terry Nitsch has been working very hard to get this lined up and it is going to be out of this world with the afterburners kicked in.

Special thanks all the team leaders. Please to take note of them and work sign up sheet of this newsletter.

I think that just about sums it up for this month. Please be careful with your planes and help others with theirs. We were all beginners at one point or another.

See you out at the field,
Matt Short

Help Support The Sponsors

Last year was especially hard on the Jet Scramble committee to go out and solicit sponsors with the way the economy has been. In our newsletter we list many of these sponsors, please visit them as often as you are able to. They continue to help us out, it is the least the member of the club could do.
