Club Message—Help fellow TORKS member Victor McCall

How would you like to give the gift of a life time? Well, here's you'r great opportunity.

A loving father of three kids whose also a father and son is in need of a kidney transplant. He's worked all his life as a farmer and businessman due to his stress he is now going to start dialyses.

Unless a very giving person comes along who's willing to help him get a kidney. The Doctors say his life will be back to normal after the transplant as long as his blood pressure stays were it's at under control.

The wait for a kidney is 3-5 years.

Please help our family his blood type is O so he can only receive blood type O.

If you or any one you know could help please call us at # 614-419-1230 & ask for Virginia.
