From the President's Hangar

July 2007

By Dave Agee

Wow it seems like summer is just flying by! Hope each of you has had a good summer so far enjoying model aviation. I personally haven't had the time to fly much this summer. Hope that changes soon!

We have had a pretty good summer project wise! The runway is now extended. I was very pleased with the turnout by many club members; I counted 16, to finish the dirt work and grass seeding around the runway extensions. It was hard work but very satisfying. I was impressed with how everyone just jumped in and worked hard to get it done!

We owe a big thanks to Scott Stottlemire and Terry Nitsch! They were the ones that organized the runway extension and got it done quickly and under budget. Also be sure to thank our contractors, Igle Construction and Barbee Concrete for the excellent work.

In addition, thanks to Chuck Elkins and his helpers for getting lots of great work done on the field, new concrete work, painting, new refrigerator, etc. The Field of Dreams looks better than ever!

Also, Special thanks to Dr. Bob Lewis for wiring up lights in our overhang and our new electric charging area!

Jet Scramble

Things are really starting to heat up since we are now close to the 2007 edition of the Heart of Ohio Jet Scramble. Your Jet Scramble committee has been extremely busy finalizing literally thousands of details necessary to make the Jet Scramble a success.

It is now time for all members to decide what you can do to help our club in this major event. It is important to sign up now for what you can do to help the event. Remember we kick off the event with our August Club meeting on Wednesday August 22nd. After a short meeting we will begin setting up the event. Thursday August 23rd is when we finish the set up and some of the early pilots begin flying. Friday morning Aug 24 is the official beginning of the event. All event activities then run through Sunday August 26 culminating in clean up activities starting around 3:00 pm Sunday afternoon. As always the more each of you can volunteer your time then the better it is for all.

LOOK FOR THE SIGN UP SHEET AND DO WHAT YOU CAN FOR YOUR CLUB!

Next meeting is Sunday July 29th at 2:00. Sorry that I will miss the July meeting, I will be at the greatest Air show in the world, Oshkosh. Matt Finley will be running the meeting in my absence.

Keep 'em Flying!

ATTENTION:

Next Club Meeting is on
 Sunday July 29th , 2:00 PM
 at
 The Field of Dreams

Meeting Minutes

5303 Westpointe Plaza Dr.
 Hilliard, Ohio 43026
 777-9307

Hurricane Hobbies

8911 S. Old State Road
 (Drug Mart Plaza at Polaris)
 Lewis Center, Ohio, 43035
 (614) 848 4FUN
 (614) 848 4386

Date: Sunday June 24, 2007

Location: Club Field

- New Business
 - Cracks in the asphalt
- From the Floor
 - Nothing new
- Upcoming Events

July 29 Next Meeting: Club Field 2:00 PM

 - Meeting Adjourned at 2:40 PM

JET SCRAMBLE NEWS!

Greetings,

Your planning committee continues working hard to make this event the best ever. Lots of information is being posted on the web site, check it often for updates. We are only 20% filled as far as the help schedules go, so if you can make it, please volunteer and fill out a form (found in the newsletter).

Team Leaders are as follows: Dave Agee will be flight line coordinator, Matt Findley will be head of security, Neal Smalley will handle sight set up, Dave May and Sheila Nitsch will head up Registration, Joe Harless will manage the raffles, and the Neville's will manage the merchandise sales. If you are listed in the general category, you will be placed in the above assignments as required.

If you have a special need (can't be in the sun or whatever), please let your team leader know. Many last minute activities will take place after the club meeting on Thursday evening, August 23rd, so please try to attend. We have a reasonable amount of sponsors and a community that is really behind us. With some hard work and attention to details, the Jet Scramble will be a great success!

Terry

Plane flies very precisely, and smooth.
Selling to fund new project !!!

Invested \$ 1,850 will take \$1,000

Contact

Matt Finley (614) 557-3846

Also...

Electri-Fly currently makes three matched WW 1 aircraft... the DR1, DVII, and SE5a.

Is there any interest in creating a "Flying Circus"? It would really be neat if we could get a bunch of us flying these aircraft. It could make for some good times chasing each other around the sky. It would also be visually interesting to spectators!

If so....contact Bob Queen

TORKS EXTRA

Things to ponder.....

Why didn't Noah **swat** those two Mosquitoes?

Why don't sheep shrink when it rains?

Why are cigarettes sold at gas stations where
smoking is prohibited?

Why isn't phonetic spelled the way it sounds?

When dog food is new and improved tasting,
Who tests it?

Finally...

What color hair do they put on the drivers license
of a bald man? (clear?)
